

# Improve outcomes for multilingual learners using the SWIRL method

Through SWIRL, Susan does teachers, administrators, EL/MLL coordinators, migrant educators, literacy coaches, and instructional leaders the favor of gathering and presenting dozens of best practices in one user-friendly, research-based guidebook. The SWIRL method helps K–12 teachers create opportunities for multilingual learners to engage in the five core competencies—Speaking, Writing, Interacting, Reading, and Listening—so they become confident, proficient communicators. The SWIRL Method provides time-tested, practical activities and strategies as a framework for ELD.

## Take Aways:

- Understand integral aspects and stages of language acquisition and proficiency levels.
- Learn how to lower students' affective filters so they are more receptive to taking risks & learning.
- Integrate activities into instruction that actively engage children in all five language competencies.
- Incorporate culturally-sustaining practices into English language development with an asset-based mindset and pedagogy.
- Gain actionable, efficient scaffolds-- and concrete lessons-- from a pioneering expert and NBCT.

- Professional Development, Keynotes, and Coaching
- Virtual or In-Person Workshops
- Focused on Supporting Multilingual Learners
- National Board Certified, Spanish-Bilingual Teacher
- More than 30 years Expertise in K-12 Education

The SWIRL Method will undoubtedly become a universal, groundbreaking, professional development go-to guidebook on how to best serve multilingual learners in classrooms, teachers' colleges, and homes.” —Alma Flor Ada and F. Isabel Campoy

“Spectacular! Charming presenter. Extremely practical—well planned, filled with interesting anecdotes. I picked up useful and detailed tips. I'd sit through this again tomorrow just to pick up more!”

“Fabulous presenter and presentation! Excellent and immediately applicable information. Her ease of delivery set everyone at ease.”

“Very personalized, interactive and smart!”

“After attending this workshop, I felt eager to go back to the classroom!”
